Bridge repair work just north of the Zoo Interchange completed early *Lane and ramp restrictions will be lifted tomorrow night*

The bridge repair project on the Bluemound Road and Wisconsin Avenue bridges over US 45 will be completed on Wednesday, May 10 -a few days earlier than expected, announced the Wisconsin Department of Transportation (WisDOT).

Starting late tomorrow night, all lanes on US 45 in the project area will re-open. In addition, the Wisconsin Avenue on-ramp to southbound US 45 and the Bluemound Road off-ramp from northbound US 45 will re-open. To ensure the safety of crews during traffic control removal, the westbound to northbound connector ramp in the Zoo Interchange will temporarily close from 11 p.m. to midnight.

All lane and ramps in the project area will be open for the May 11 morning rush hour, weather permitting.
